GOOD NEWS AT LAST! LET THE AFFLICTED READ!

And learn that a perfect and radical cure is secured
and obtained by the use of this with success,
energy, nervous complaints, melancholy thoughts, de-
pression of spirits, distress and anguish of mind, loss of
strength, wasting away, loss of energy and muscular power,
growth, wasting away, and a want of confidence in
themselves, causing fits, convulsive trembling, impo-
tence and disgust of life.

**HEAR WHAT THE MEDICAL PRESS
SAYS.**

Some physicians require to tell the nature of your
illness. The ENGLISH BOTANIC PHYSICIAN does
not. His perfect knowledge of the human system enables
him to describe the disease without any information from
the patient. He can tell you in a few words what you have
got. And, what is more valuable still, he will honest-
ly tell whether you can be cured or not.

This will satisfy your mind, and save you expense, time,
trouble, and disappointment.

So, if you are ill, get this—It will save your health,
and what is better than all, it will save your life from
being shortened by wrong treatment.

His examinations are made without any information
from the patient. The ENGLISH BOTANIC PHYSICIAN,
without which he never could have performed so many
astonishing cures. It should be remembered that this
Botanic Physician performs cures through the system.

If you are ill, go to him. If you are well, go to him.
He will tell you what you have got, and if you wish to
go to him, go to him.

All his communications and interviews are strictly
private and confidential.—Medical Journal.

FACTS ARE STUBBORN THINGS!

Hear what the Philadelphia correspondent says in the
Commonwealth. Wilmington, Delaware, 9th of April,
1860:

An English gentleman, formerly connected with the
British Army, who styles himself the English Botanic
Physician, has of late gained an extensive reputation
here by his skill in curing all manner of complaints.

Some of his patients have been cured who were
considered incurable by other physicians.

He has also gained a great reputation as a
physician to which females are subjected he has no equal,
as a large number here have testified that they owe not
only their present good health, but their lives, to the
skill of this English Botanic Physician.

**GOOD NEWS FOR SINGLE MEN
CONTemplating Marriage.**

Hear what the Baltimore correspondent of the Old
Follow, Baltimore, Maryland, said on Thursday, the 21st
of May, 1860:

"Numerous cures of diseases caused by early indolence
among young men are effected by the English Botanic Physi-
cian. It is my duty, having a knowledge of them, to state the fact, believing that in doing so I do a service
to the suffering. One case in particular—that of a young man
in this city—is worthy of notice. He was a very
nervous, timid, and indecisive青年, subject to fits of
melancholy, and was unable to decide upon any
action. The physician to whom he was referred advised
him to go to the English Botanic Physician, Dr. Raphae-
l. He sought relief at the hands of the
Botanic Physician, and, astonished as it may seem, all the
bliss and vigor of youth has returned, and he is now
the happy father of a pair of bright boys."

GLORIOUS NEWS FOR THE LADIES.

A PREVENTIVE TO HAVE CHILDREN
DREN.

Hear what the Cincinnati Weekly Press says on the 1st
of March, 1860:

We are strongly opposed to drugs and to advertised
remedies for the prevention of having children, but we
feel it our duty to acknowledge a benefit from day and
from every source where it is the result of the efforts of
humanity. A fact has come to our knowledge that
cannot be denied, that there are women who are
desirous of preventing the birth of their children, and
that there are physicians who are willing to furnish
them with means to do so.

Two physicians, Dr. Roback and Dr. Raphael, have
been engaged to furnish these women with
means to do so.
